

Cargo delivered. Simply and fast.

Heva is an Estonian freight platform that connects shippers and couriers in real time. The customer enters pickup and drop-off, picks a vehicle, sees the price before confirming and follows the courier on a map. Couriers arrive within minutes.

WHAT HEVA IS

- A technology marketplace: the carriage contract is between customer and courier; Heva handles the order, payment and proof of delivery.
- Deliveries run on demand or scheduled up to 7 days ahead.
- Price = base fee + loading time + per-minute rate. No hidden fees.
- Couriers are verified partners, paid out weekly.
- Business customers receive invoices automatically by email.
